

DAILY BLADE

ISSUE 2

AUGUST 14, 2006

MG Paul E. Mock will arrive today to observe Pacific Survivors operations and the unit's rigorous training objectives as directed by United States Army Reserve Command (USARC). MG Mock assumed command of the 63d Regional Readiness Command, Los Alamitos, California. He is also a member of the Department of Defense Reserve Forces Policy Board, a joint service Secretary of Defense advisory committee.

The Warrior Ethos

I will always place the
mission first

I will never accept defeat.

I will never quit.

I will never leave a fallen
comrade.

- All traffic laws will be followed by all exercise soldiers, speed limit laws are strictly enforced by FHL Police and citations will be issued, this includes training areas

S.T.O.P.P.

S- Stop before you act, don't rush into a situation or mission without considering the risks against the benefits.

T- Think about what you are about to do, what is the right way to safely accomplish the task.

O- Observe the situation and surrounding environment. What are the Risks? How can I reduce them?

P- Plan. Develop your plan to reduce the risks and decide how to best implement the plan.

P- Proceed with Safety. Supervise continuously and constantly look for ways to improve.

RISK MANAGEMENT CARD

Risk management is a part of everything we do. Risk Management is the process of identifying and controlling hazards and making risk decisions to protect the force. It is applicable to any mission or environment, on or off duty.

THE FIVE STEP RISK MANAGEMENT PROCESS

1. **IDENTIFY HAZARDS** to the force. Consider all aspects of current and future situations, environment, and known historical problem areas.
2. **ASSESS HAZARDS** to determine risk. Assess the impact of each hazard in terms of potential loss based on probability and severity.
3. **DEVELOP CONTROLS AND MAKE DECISIONS** that eliminate the hazard or reduce risk.
 - A. Reassess hazards given the controls.
 - B. Determine the proper decision authority.
4. **IMPLEMENT CONTROLS** that will eliminate the hazard or reduce its risk.
5. **SUPERVISE AND EVALUATE.** Enforce standards and controls. Evaluate the effect of controls and adjust or update as necessary.

Blood and Fire

Git er Done!

MSG Mapu Asaeli (left) 6045th GSU, S-4 NCOIC, breaks down the numbers for his supply sergeant, Staff Sgt. Ernest Verbo (right), as hundreds of Soldiers will draw linen from the supply section upon arrival to the Pacific Survivor exercise.

Soldiers of the 6045th GSU and the 341st MP Company roll out the clearing barrels before the more than 700 Soldiers slated to participate in Pacific Warrior hit the ground at Fort Hunter Liggett.

Soldier from the 6045th keeps a watchful eye as he backs his flatbed truck up to deliver goods to the billeting areas.
